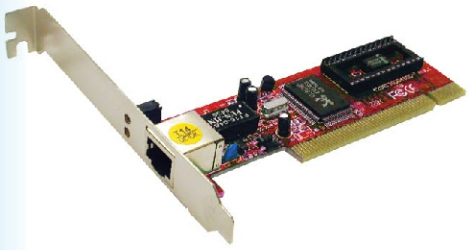
TYPHOON FAST ETHERNET PCI CARD

Introduction



Connect your computer to your other system in the Network, or share data across computers. The Typhoon Fast Ethernet PCI Card provides you the link to all the computers in your environment. Complies with IEEE802.3 / IEEE802.3u standards, the Ethernet PCI card enables you to manage and transfer data across the networks and share resources such as printer and data storage with your colleagues.

The PCI interface provides adequate bandwidth for your transfer and easy installation. The single RJ45 socket provides both 10Mbps and 100Mbps network rate connections. 2 LEDs provide Link and Activity status for connection checks. Works with existing LAN using 10Mbps, 100Mbps and 1000Mbps setups.

Article Number: 70035

Features:

- Comply with IEEE802.3 / IEEE802.3u standards
- 10Mbps / 100Mbps full & half duplex flow control
- Connects your computer to your LAN networks and share data management
- Share your computer with other computers in the network system
- Share resources within the LAN such as printer, backup storage or data retrieval storage
- PCI 32-bit Bus Master architecture
- PCI v2.2 standard
- Support UTP cables
- Boot ROM

Specifications:

- Standard conformance: IEEE802.3U 100Base-T / IEEE802.3 10Base-T
- Main interface standard: RJ45
- Transmission rates: 10/100Mbps
- Full duplex / half duplex transmission
- Auto negotiation
- Access method: CSMA / CD
- Green coloured LED for Link status
- Operating temperature: 0°C - 50°C
- Humidity: 10% - 90% RH
- Data Bus width: 32-bits PCI bus master
- Drivers for DOS, Win NT3.51, Win NT4.0, Windows® 95 / 98 SE / ME / 2000 / XP, NOVELL 3.11/4.X/5.x
- EMI and safety standards: FCC and CE approved

- **Contents:**
- Typhoon Fast Ethernet PCI card
- Installation Guide
- Driver disk (1.44MB floppy disk)

System Requirements:

- Intel® Pentium® III or above
- 128MB of system RAM or more
- PCI v2.2 slot or lower
- Windows® 98 SE / ME / 2000 / XP or later
- Existing LAN environment
- RJ45 cabling
- 1.44MB floppy drive
